

Summer Teaching Academy Evaluation

Summer 2009
July 27 – July 30, 2009

Scholarship of Teaching and Learning
Dr. Denise Peterson and Dr. Andrew Stremmel

The Teaching Learning Center with support from the Office of Academic Affairs is offering a Summer Teaching Academy that will provide a faculty development opportunity to faculty members.

The topic of this summer's academy scheduled for July 27 to July 30, 2009, is the *Scholarship of Teaching and Learning (SoTL)*. Faculty participating could be working together in teams or individually to develop SoTL project plans. Each plan would include framing a question, researching solutions, developing a plan to address the problem, developing an assessment plan, and researching possible venues for sharing the results publicly in their individual disciplines.

The format is a four-day session (Monday through Thursday) with face to face morning presentations and afternoons reserved for individual or group work. Sessions are scheduled from 8:30 AM to 12:00 Noon in NFA 373.

Each faculty member will receive a stipend of \$400.00 for participating in the four-day week learning experience. Participants must be able to commit to the full experience. All full-time faculty members are eligible to apply but in order to receive the stipend they can not be under any other full time university contract at the time of the summer academy. The Teaching Learning Center Coordinator and couple of Faculty Development Coordinators will review the registrations and determine selection. Priority will be given to new faculty members with less than five years service at SDSU and for faculty members who did not participate in last year's Summer Academy. Support from Department Heads and Deans is necessary. Support Form is attached.

Registration is available online

<https://insidestate.sdstate.edu/academics/general/tlc/teachacademy> until the limited number of opportunities is reached or through June 19, 2009.

Please contact me if you have any questions.
